**T**he September 7th Chapter meeting will be held on the first **Wednesday** of the month, and will be continued on that day for the foreseeable future. Meetings are open to anyone with an interest in building, restoring, and flying airplanes. The meeting will be held at the CAP Building on Air Commerce Rd., starting at 7:00 PM. There should be ample parking in front of the of the CAP building.

## President's Corner:

Greetings, fellow chapter members. Our first meeting after the summer layoff is coming up on September 7th. We will have it at the CAP Headquarters building. Where to have our future meetings will be a key topic.

This summer I flew, for the first time, to AirVenture, in my plane with Edgar in his. Edgar and I will share several interesting stories about getting rotten gas from some very nice people, UGH! Returning from AirVenture I spent four days home then flew to Austin Texas to perform a first flight for a fellow Pulsar builder. Another story to follow. When I got home, my wife clipped my wings for a while so I've been home for a few weeks watching the grass grow (no story there).

On Saturday **September 3rd we will be flying Young Eagles**. If you haven't been contacted but wish to fly or work as ground crew, let me know since the Young Eagles day will take place before our September 7th meeting.

I hope to see everyone at the meeting on the 7th.

Bernie

## Chapter Meeting Minutes:

Our last meeting took place on June the 4th. 11 Members were in attendance. The meeting was started at 7.10 and lasted until 8.50pm. A major topic discussed was the proposed rent increase by the CAP for our Chapter Meetings. Several options were explored: Move the meetings to one of our hangars, stay with the CAP, and negotiate a better rate with CAP. We also discussed changing the meeting night. A list of options was sent out to all members with the request that they be returned to Bernie so that the members could express their opinions. Bernie should give a

summary of the pole at the September meeting. After the meeting location question discussion, it was decided to have no Chapter meetings in July and August. Our next meeting will be in September the 7th. at the usual place and time. Just a reminder, on September 3rd. we will be flying Young Eagles. We will start flying at 9.00am. Any help will be appreciated, both flying and ground personnel. There will be a cookout for the pilots and ground crew after the Young Eagle flights.

### **Notice received:**

We recently received a notice that the Winter Haven Pilots will have their annual Lunch. We have been going to the Lunch for the last ten years. There are always many airplanes to see, and many pilots to talk to about interesting subjects. The lunch is held in a grove of tall trees and is usually worth the five dollars fee. Gas is usually discounted for the event. All in all, a nice Saturday flying event.

The received notice follows: "For a few of you this will be a repeat. For the majority it will be new. The Winter Haven Pilots Association is making plans for their 17th Annual Fly In November 12, 2005. Start saving now so you can afford the fuel! We are planning on good weather (hope Mother Nature is listening) good food and good fellowship."

### **Typoglycemia**

Don't delete this because it looks weird. Believe it or not you can read it
