**T**he November 1st Chapter meeting will be held on the first **Wednesday** of the month, and will be continued on that day for the foreseeable future. Meetings are open to anyone with an interest in building, restoring, and flying airplanes. The meeting will be held at the CAP Building on Air Commerce Rd., starting at 7:00 PM. There should be ample parking in front of the of the CAP building.

## President's Corner:

Greetings fellow Chapter members.

Fall, be it ever so brief, has arrived. Several weeks ago I had a conversation with Rob Mills at the Airport Authority. I again spoke to him last week. He told me that when he returns from a trip out west he would order the paint necessary to start the long awaited compass rose project.

Last month, sadly we lost Tom Curry to an aviation accident while he was flying his home built aircraft. Although he was not a Chapter member, he was known to many of us at the airport.

Don't forget, we have a meeting coming up this coming Wednesday. We will be voting on Chapter officers and we will have a guest speaker.

John "Rock" Rockcastle is a member of the Aviation Safety Program Speakers Bureau and will do a presentation for us. Make plans to attend, the meeting should be very interesting.

Keep the blue side up. Bernie

## Chapter Meeting Minutes:

Our September chapter meeting began at 7:12 P.M. We recited the Pledge and then Hank sold the 50/50 tickets. Jim Doan gave his treasurer's report. He paid out \$20.00 for rent. Currently we have \$5,394.36 in our kitty.

Eleven members and six guests attended the meeting. Bernie had nice plaque made for John Osborne who did the survey for the compass rose. Dan related how he had recently put wheel pants and fairings on his RV. He stated that he has gained 20 miles/hour more top speed. Mike January will have his plane inspected in the near future. Art's plane is back in his hangar. American aviation did a very nice job redoing his panel.
