The Chapter meetings are held on the first **Wednesday** of each month. There are **two exceptions** to our normal Wednesday meetings schedule. They are **two Hanger Meeting Meetings, one in October, and one in March. Please note that these dates, for the BBQ meetings, are not "cast in stone" so if you have a question, contact one of the names on the side of this page. When we have a BBQ meeting they are held in Doc Bob's hanger and start at 10:00AM on the 1st Saturday after the 1st turning Wednesday at 10:00.**

All meetings are open to anyone with an interest in building, restoring, and flying airplanes. The normal monthly meeting will be held at the CAP Building on Air Commerce Rd., starting at 7:00 PM. There should be ample parking in front of the of the CAP building. Please note that the Chapter does not meet during the months of July and August.

President's message

Thanksgiving has passed and we are waiting on the next series of Holidays. Christmas, Hanukahs and New Year and the visits of our relatives from the cold north.

We had our first Young Eagles of the year on Saturday the 1st. The turnout was good and we flew 30 young men and women from Central High ROTC Cadet program. All and all it was a success. Thanks to all the pilots and ground crew who participated in making the event a success.

Edgar's plane suffered a slight problem and in the interest of safety, he grounded his plane, bummer...

As I was taxiing back to my hanger after the event I saw a fellow step out of a 172 and stand by the taxi way. Hummm??? As I passed the person standing by the taxi way I saw it was Lynn Postal who stepped out of the plane to allow his student to fly his first solo. Well done, another pilot has found a home in the air.

I forgot to call for nominations for Chapter Officers for 2008 during our last meeting. This is the first order of business for our first meeting on January 5th.

**Submitted,
Bernie Berger, President**

Chapter Meeting Minutes:

The November chapter meeting got started at 7.15. We had 14 Members and 4 guests. Two of the guests were our guest speakers, Steve Carper and Art Michoud They talked about Propellers. The other two guests Where John Edwards President. of Chapter 791 and Tom Hall

Bernie Berger Greg Frey and Dave Russell had a meeting with Don Silvernell to discuss the possibility for a Chapter Hangar. It also was discussed for a possible reduced rent. Since our chapter is a nonprofit organization we are entitled for that. Bernie is writing a letter to the FAA to confirm that.

We also will be working on some educational programs to be presented to the local High School ROTC. We also discussed a possible scholarship to send a young person to a summer camp in Oshkosh.

The compass Rose is finally all done. We are planning to have dedication ceremony on January Saturday the 5th. at 10.30. Hopefully we can get some of the Town Brass to attend.

The meeting was adjourned at 9.15.

**Respectfully submitted,
Edgar Flaig Secretary**
